Our specimens of dentistry received the highest awards at the Fair of the Mass. Mechanic Association, held in Boston, 1847; also, of Worcester County Association, 1848.

The following testimonials are from the principal dentists of Boston:

BOSTON, May 21, 1855.

The undersigned, from long acquaintance and an intimate knowledge of Dr. HANSON's reputation as a dentist, in this city and vicinity, deem it only an act of justice to him, and no disparagement to ourselves or others, to say, that his artificial work has, for a number of years, represented the highest style of the Art in this country, and we do most cordially recommend him to the patronage of the citizens of Milwaukee, where he proposes to establish his business.

FEVER AND AGUE—CERTAIN CURE.

NO MORE USE FOR YOUR MIXTURES, QUININE, Fowler's Solution, Arsenic, Mercury, or any of the villainous or nauseous compounds which only relieve one disease to implant another more deadly, and which sends its unhappy victims finally, with a wrecked and broken constitution, to an early grave. Try Carter's Spanish Mixture, which contains none of these dangerous drugs, but cures by acting specifically on the liver, purifying the blood and strengthening the system, thus enabling nature to recuperate its energies by opening the pores of the skin, and expelling from the body all impurities and old medicines, which clog and retard its free operation. More than one thousand persons have been cured by Carter's Spanish Mixture, after every thing else had signally failed. As a sample of its remarkable effects, Messrs. Davis & Hicks, of Autaugaville, Ala., write us that it cured a gentleman of chronic fever and ague, which all the efforts of Physicians and their remedies could not subdue. He only took three bottles. They say it sells very rapidly, and maintains its high reputation all through the country.

CITY OF MILWAUKEE.

FRIDAY.....AUGUST 15

☞ **ALL LETTERS, intended for** publication, or on business connected with the paper, should be directed **"Free Democrat, Milwaukee, Wisconsin."**

All letters designed only for the eye of the EDITOR, should be addressed **"S. M. BOOTH, Milwaukee, Wisconsin."**

☞ The 1st Republican State Convention, we would inform the *News*, repudiated Know Nothingism emphatically, and placed the party unequivocally right on the record, as did the National Republican Convention. All the distinctive Know Nothingism there is left in the State, in this canvass, runs to Buchanan and Fillmore. The *American* distinctly asserts that it sustains Col. Fremont solely on Anti-Slavery grounds, and that he is not a Know Nothing. Ex Grand Sachem K. N. Orton, having joined the Buchanan party, with K. N. Webb for Buchanan elector, and the editor of the Kenosha *Democrat* to form K. N. Lodges, and the President of the Buchanan Club there to give the pass word, and the editor of the Beaver Dam *Sentanel* to make written application for K. N. charters, and the K. N. organization now generally manned by Buchanan Hunkers, we see nothing to hinder a perfect fusion of K N's and Buchaniers. To be sure, the *News* and its compeers must keep up a howl about Know Nothingism all the while, to gull the foreigners. Of course.

The Wandering Star.

The *News* has apparently had a slight disagreement with its co-laborer, Know Nothing Kennedy, and declines to publish his letter addressed to Gen. King. The difference is only apparent however, for both are working for the same object, the defeat of Fremont and the election of Buchanan. Kennedy seems to be unfortunate, and gets snubbed all around. First, his own organ, the *American*, snubbed him — Then, the *Wisconsin*, to which he betook himself for consolation, shut the door in his face. Next, the *Sentinel* shows him out without ceremony. And last, and cruelest of all, the *News* men, with whom, of late, he has been taking sweet counsel, *drop* him. We recommend him to the Irish organ. Mr. Casey may take in even a K N for the sake of Buchanan. If he can't get in there, as a last resort, he should experiment upon the Dutch. Won't somebody have compassion on little wandering K N Kennedy?

THE *News* should not be so angry because Mr. Orton, the fresh convert to Buchanan and Slavery, told the truth, and overthrew the positions of the *News* in regard to the issues of the Presidential election. Slavery extension or slavery restriction, says Mr Orton, is to be decided by the election of Buchanan or Fremont, and Mr. Orton came out boldly for slave extension. That's right and honest. We like to see the black flag unfurled as Mr. Orton spread it last Monday evening. We like to hear the Buchanan champions say, there it waves, with the inscription of More Slave Territory and More Slave States. He stripped off the hypocrisy of the *News* and the Buchanan organs effectually, and left them without the least covering. Democrats, how do you like this Platform of Slavery Extension?

The *News* should not be angry at us because Mr. Orton has aided us in exposing their hypocrisy. Fremont and Freedom, or Buchanan and Slavery extension. That's the issue.

MISSIONATING.—The Kenosha *Telegraph* says that one Lazy Hunker candidate for Congress is hard at work setting up the pins, and that he has recently been three times in that city—though he had never seen him there before, and appears to have completed all the arrangements. The contest, really, seems to be between Hadley and Wells. The friends of each seem to be quite confident. Wells will soon be home, and then we shall see who will go his pile on the bob-tailed mare, and who will bet on the gray.

DESTRUCTIVE FIRE AT MADISON.—About 10, o'clock on Wednesday night a fire broke out in the Cabinet works of O. C. Buck & Co., on Washington avenue in Madison and, before the flames could be subdued, the whole establishment was consumed. A large portion of the Stock was saved in a damaged condition. The loss is estimated at from $12,000 to $15,000; insured for $5,000. The fire is supposed to have been designedly set. Twenty-eight mechanics were employed in the establishment. During the fire a man named John Flynn was dangerously injured by falling from a ladder, on an adjoining building, while laboring to protect it. His recovery is considered doubtful.

THE BOARD OF SUPERVISORS AND THE LOAN.—The Fon du Lac *Herald* says, the Board of Supervisors of that county which convened yesterday, adjourned without taking action on the subject of issuing County Bonds in conformity with the late vote for Railroads.—A majority of the Board believe the loan was defeated.

Has the *Free Democrat* man seen the returns in the *News* of the 10th? [from Iowa.]

Kenosha Democrat.

Certainly we have, and our only remark is, that both of you have been egregiously *fooled* in trying to fool others.

FLAG PRESENTATION.—The ladies of Monroe, Green Co., last Friday evening, presented a flag to the Fremont Club, in a beautiful address by Mrs Hurlburt, to whom Judge Bingham, the President, replied in an appropriate speech. Green Co. will be heard in the November election.

CONGRESSIONAL PAY.—On the 13th inst., the Senate discussed and passed, by 35 to 10, the bill regulating the compensation of members of Congress.

ABOLITIONISM INDICTABLE AT LAW!—At the late session of Gilmer County Court, Va., the Grand Jury of that county presented the editor of the Cincinnati *Western Christian Advocate* for publishing abolition doctrines, and also the Rev. Lovi Parke, for circulating that paper.

The Waukesha *Republican* takes issue with this paper as to the propriety of the course of Mr. Burlingame, in agreeing to fight a duel with Brooks. This paper pronounced dueling barbarous and brutal, and and expressed the opinion that Mr. Burlingame had lost a position which he could not recover, by agreeing to recognize its barbarity and brutality. The *Republican* not only justifies the course of Burlingame, but justifies dueling generally on grounds of propriety and policy. We are not only surprised at the position of the *Republican*, but would be surprised did we find such sentiments in the most degraded Border Ruffian Sheet of the northern States. The idea of two men, bearing God's image, standing up at 12 paces, more or less, seeking to ventilate each others bowels with a leaden bullet, to settle a difference of opinion, is so senseless, so barbarous, and so entirely out of the pale of enlightment and reason, that, whatever excuse we may find for them in their madness of passion, we can find not a particle for the man who, in the coolness of an editorial sanctum, deliberately advocates and justifies it.

The *Republican* may possibly be sustained by the tribunal to which it appeals, "the history of the Times," but that one man out of ten in the north will applaud Mr. Burlingame's course we doubt.

Of course, the *Republican*, in insisting that the course of Burlingame was necessary to vindicate the northern position and spirit, condemns the course of *Henry Wilson*, who, when challenged by the same Brooks, replied that he recognized no code which called upon him to violate the laws of his country.

Kenosha Telegraph.

Nothing but the sternest necessity, such as is imposed upon us to maintain the essential rights and liberties of the people can ever justify the violation of Law. Laws which trample upon human rights and uphold despotism, must be put down in a free Government, peacefully, if best can be, forcibly, if they must. But to violate laws to protect life and personal safety, for the express purpose of shooting your neighbor, is an outrage on morality, religion and free government, too great to be justified in a Christian community.

Washington Rumors.

It was rumored, on the 13th inst., at Washington, that the new steamer Merrimac is to be ordered to France; to carry out Secretary Dobbin, who is to succeed Mason, Minister to France, and that Senator Mallory or Mr Bocock, of the House will also go. Also, that Mr. Mason has asked to be recalled.

There has been trouble at the White House in regard to the removal of the Kansas Judges.

There was a report current that the President and Cabinet were in session on the 13th inst., and five were in favor of removing Judge Lecompte and Cato, and releasing the free State prisoners of Kansas. Three were against it.

THE IOWA ELECTION.—Full returns have been received from all but four sparsely settled Counties, in the first Congressional district and Curtis, the Republican Candidate, is still 1683 ahead of Hall. The counties to hear from, are in the extreme Western part of the State and will probably Slightly decrease this majority. The Burlington *Hawk Eye* of Wednesday says we have carried the State by a majority of over five thousand upon our Congressional ticket and by at least eight thousand for our State ticket. In November next, Iowa is good for as large a majority as any State in the Union in propotion to her electoral vote, for John Charles Fremont.

STORM IN KENOSHA COUNTY.—The Kenosha *Democrat* of the 13th inst., says: On the night of the 11th the Townships of Bristol and Salem were visited with the most severe hail storm we ever saw. We happened to be out in that vicinity, and the ravages of the storm are very deplorable. The corn in many places is entirely stripped of its leaves, and the whole fields of oats and wheat are so completely thrashed as to be almost worthless. Our friend Kingman of Bristol, has experienced a loss of at least two hundred bushels of oats and 50 or 60 bushels of wheat. Trees are in some places almost entirely stripped of their foliage, and such vegetables as peas and beans are beaten to the ground. We saw fields of buckwheat so emphatically riddled as to be worthless.

GREAT DAMAGE BY LIGHTNING AND RAIN IN NEW HAMPSAIRE AND VERMONT.—The Boston *Atlas* of the 11th inst., gives over a column and a half of condensed items of disasters by lightning and rain, in New Hampshire and Vermont, during last week. The dams on the Mystic, Merrimac, and Sugar Rivers have all been swept away. Bridges, roads, and even houses have disappeard, causing an immense loss. Several persons were struck dead by lightning. The schooner Belle, of Cohasset, and the schooner Pearl, of Rockport, were struck by lightning, killing one seaman, named Lawrence Griffin. Barns, houses, and lights houses have been struck and burned.

DROWNED.—On the 13th inst., at Yarmouth Maine, a sail boat while returning from the Island, was capsized by a whirlwind, drowning seven persons viz: Mrs. Asa P. C. Winslow and two small children, Mrs. Jno. Brown and children, and a daughter of Adams Baker.—Three others who were on board were saved.

P. O. CHANGE.—The Post Office at Portland, Calumet Co., formerly known as Lynn, has been changed to Brant, and M. T. W. Scott appointed P. M. in place of Alonzo H. Hyatt, removed.

YELLOW FEVER.—The yellow fever is prevailing to some extent in Charleston, South Carolina, and quite a number of cases have proved fatal.

WHIG CONVENTION.—The old line Whigs held a Convention at Albany, on the 14th inst. Hon. Francis Granger presided. The Convention, it was believed, would endorse the nomination of Fillmore.

FREMONT IN MARQUETTE COUNTY.—A friend writes us from Westfield, Marquette Co., that five-sixths of the voters of that town are for Fremont, many of whom have always heretofore acted with the Democratic party, but can go with it no longer, now that its avowed policy is slavery extension.

DROWNED.—On the 7th inst., a passenger fell overboard from the steamer *H. S. Allen*, just as she was leaving Prescott, Pierce Co., and was drowned.

MISSOURI.—The electoral ticket nominated by the Benton party, in Missouri, has been withdrawn in favor of the Anti-Benton ticket.

RICEFORD is the name of a flourishing inland town in Southern Minnesota.

☞ Bully Brooks has been franking Buchanier documents to clergymen in Vermont.

☞ The *Tribune* Kansas fund has reached $3,260.

☞ Mil. & Miss. R. R. Stock sold last Wednesday, in New York, for 76¾ cents.

☞ Wilmot's District in Pennsylvania, promises 6000 majority for Fremont.

☞ At latest dates from Cuba the yellow fever was still raging at Havana.

☞ A White man was hauled up to the whipping post in Norfolk, Va., the other day, and received fifteen lashes for petit larceny.

☞ The Republicans of the Waterville District, in Maine, have nominated Freeman H. Moore as their candidate for Congress.

☞ On the evening of the 13th inst., the barricade of the foreign Quarantine Gate, at New York, was battered down by a party of captains and sailors.

☞ A gentleman writes, that in New Hampshire no Fillmore ticket will be started in that State, and that the Buchanan men will let the election go by default.

☞ Burlingame has gone to Dubuque, and can't visit Milwaukee this time. Ten thousand were present at Morris, yesterday, to hear him speak.

☞ Dr. S. R. McClellan, of Wheatland, Kenosha County, has raised 70 acres of wheat this year, which is all harvested and will yield 25 bushels per acre. He has 34 acres of corn, which promises well.

☞ Fillmore is being deserted in Pennsylvania, the pro-slavery Americans going for Buchanan, and the anti-slavery for Fremont—Since it is demonstrated that he cannot get the electoral vote of a single State, his followers are generally forsaking him.

☞ The Charleston (S. C.) *Mercury* says the Democratic leaders seem to be smitten with that madness which is the forerunner of destruction. No doubt of it; the madness has been long on them, and the destruction is close at hand.

☞ Miss Charlotte Cushman, the celebrated American actress, it is asserted, will soon return from England, and play a lengthened engagement at Burton's new theatre in New York. Mr. and Mrs. Charles Kean are also expected soon.

☞ The Watertown *Democrat* says that Col. Richardson is to be the next Governor of Illinois. We presume this will be news to our neighbors of Illinois, who, without distinction of party, pretty generally expect that Colonel Bissell will be their next Governor.

☞ Has the *News* yet heard any thunder from Iowa? Speak up, neighbor. 8,000 majority for the Republican State ticket, both members of Congress and two-thirds of the Legislature! Hallelujah!! It is our turn to shout now.

☞ The Janesville *Standard* of the 13th, publishes a long long letter from Chester Lane, on Kansas matters over which the *News* is crowing. The Janesville *Free Press* of this morning says it has received a letter from Chester Lane denying the authorship of the letter in the *Standard*, and contradicting some of its statements.

☞ A Southern correspondent of the Boston *Telegraph* says that a Fremont Electoral ticket will soon be nominated in Virginia, and that this demonstration is owing very much to the late blow struck by the slave-breeders at the people's rights in the expulsion of Mr. Underwood from the Old Dominion for participating in the recent Philadelphia Convention.

☞ The Janesville *Standard* gives E. P. Evans of Waukesha, as the name of the witness who says he heard Mr A. A Griffith, principal of the Public School at W., say, at a public meeting, that "Chas. Sumner was a greater man than Jesus Christ." All who know Mr. Griffith, know such a statement of him to be false.

☞ The Kenosha *Democrat* man, instead of explaining why he engaged in the work of organizing Know Nothing Lodges, and why he now holds it a crime for others to do as he has done, resorts to the silly trick of nicknaming us. Dear neighbor, if you knew how it distressed us to hear you talk so, you wouldn't do it. We are unused to such treatment.

☞ The Kenosha *Democrat* has the news that the Free State men in Iowa, on their way to and from Kansas, have corrupted the elective franchise in the same manner as they did in Kansas. (See Report of Investigating Committee.) On the Missouri border of Hall's District the Border Ruffians do go over into Iowa and vote, and Hall has a large increase in that part of the District.

☞ Dr. Samuel G. Howe, of Boston, the eminent philanthropist, and Thaddeus Hyatt, the Committee appointed by the Buffalo Kansas Convention to visit Kansas and relieve the pressing wants of the sufferers, have a report of their visit in the New York *Tribune* of "three columns." The Milwaukee company were 20 miles South East of Nebraska City on the 30th of July.

☞ The Charleston (S. C.) *Mercury* publishes affidavits to show that in August 1831 all the real and personal estate of Col. Fremont, was 1 coat, 5 waistcoats, 3 pair of pantaloons, 5 shirts, 6 pair of socks, 4 collars, 2 stocks, 2 cravats and sundry books, (number not recollected.) The Albany *Evening Journal* offers to pay their weight in gold for that one coat and one of the five shirts.

☞ The N. Y. *Tribune* has an account of a brutal slave whipping at Lexington, Mo., presided over by Col Read, the same worthy who presided over the meeting a few days afterward, in honor of Gov. Shannon. The offence of the slave was his interfering to save his wife from brutal outrage. For this he was sentenced to receive *one thousand* lashes on the bare back as he could bear it. 200 were given him the first day, when he was taken up a jelly. The third day he was whipped again, but whether he ever survived the thousand lashes, the witness of the first whipping did not know.—And this is called a free country!

CALIFORNIA NEWS BY THE DANIEL WEBSTER

Destructive Fire at Grasse Valley.

The steamer *Daniel Webster* with California dates arrived at New Orleans on the 12th inst., with the following items of intelligence.

From the Alta Californian of July 21st, we learn from Grass Valley that a fire broke out on Saturday, in the rear of Dr. Alvan's fire proof buildings on Pine street, which spread to the adjoining building, occupied as brewery, and then spread across to the U. S Hotel, and downwards and upwards with great rapidity, raking the whole of Broad street, Maine street, and the cross streets, consuming all the express offices, banking houses and churches, and the new Court House.

The following persons are known to have lost their lives by the fire.

J Hager, teacher; J Johnson, ex deputy surveyor; S W Fletcher, late District Attorney; William Anderson, of the Democrat. The whole of the business part of the town was entirely consumed, embracing from 150 to 200 acres of ground. The loss is variously estimated from $2,000,000 to $3,000,000.

Central American.

News from Central America meagre. Rivas holds Leon against Walker and, in conjunction with Guatamala, was fortifying it with a force of 3,000 men. Walker was soon to attack him with an effective force of 1,000 troops. Costa Rica was preparing for another invasion of Nicaragua. Mora had put down the revolution against him, but was to resign.

A fleet of seven British ships, mounting 180 guns, were in the harbor of San Juan, under command of Admiral Erskine. The British screw steamer Panama was wrecked near Cape Carrier; the crew were saved but the boat was lost.

BARN BURNED.—The Watertown *Democrat* of the 13th inst., says:—"Last Monday afternoon, in the town of Ixonia, during a thunder storm, a barn filled with grain, together with a wagon belonging to Mr. Heilmann, was struck with lightning, set on fire, and entirely consumed."

The same paper gives the following items:

"Chief Engineer Barnes has appointed J. Post, formerly of the New Albany, Salem and Sandusky Railroad, Principal Assistant Engineer of the Watertown and Columbus Railroad."

"The telegraph line is fast approaching town. It reaches Watertown, and the wires will reach our city some time next week. A few days since, the operator was in town for the purpose of making arrangements for a room and getting his apparatus in order."

Fatal Accident.—Last Wednesday noon, a man of the name of Welch, was accidentally killed near the depot of the Milwaukee and Watertown Railroad in this city. He was standing between two platform cars, and putting his hands on each, for the purpose of raising himself upon them, fell down on the track, and was immediately run over and crushed to death. He has a family of three children, but no wife."

Breaking Ground on Western Division of the La Crosse Railroad.

The ceremony of breaking ground on the Western Division of the La Crosse & Milwaukee Railroad took place at Kilbourn City, on Tuesday the 5th inst., on the contract lately taken by Messrs. Anderson and Vliet, in a picturesque spot on the high bank of the Wisconsin river. Nearly all the people of our town—men, women and children—and some strangers were present; and though not a half hours preparation had been made for the ceremonies, the occasion proved very pleasant and interesting. Short speeches were made by J. B Vliet, A Holly, and a stranger by the name of Sherman, from New York; after which Mr. Sherman, by invitation of the contractors, broke ground, which was followed by three big cheers for the La Crosse & Milwaukee Rail road. A very long rope was then attached to the top of a tree on the line of the road, the people, men and women, boys and girls, forming a line along the rope, and in a very few minutes workmen had so loosened the roots that it was drawn to the ground amid the shouts of the people, followed by three rousing cheers for Kilbourn City. In a few minutes more another tree was brought down by the enthusiastic team, and three cheers for the contractors and three for the ladies made the welkin ring, and were echoed back from the rocks and hills.

Kilbourn City Mirror.

HEROISM OF A YOUNG LADY.—The Boston *Courier*, speaking of the burning of the steamer *John Jay*, on Lake George, says:

"The nobility of Miss Kate Gore's conduct during the excitement and the struggle for life on board the *John Jay*, rises to the dignity and sublimity of poetry. She was travelling under the protection of her friend and neighbor, Mr. Pritchard, and when danger was imminent, she turned to him. 'Sir, take care of Mrs. Pritchard. I can swim.' Thus saying, she tripped forward with a mind composed and a determination fixed, and passed over the side of the burning vessel. The distance from the shore was then over a mile; but she, relying upon her own strength and courage, and being unwilling to embarrass others who might have dearer charges undertook to save herself. She swam a mile, and became exhausted. A good boatman, observing that she failed, pushed to her relief and succeeded in reaching her in time. He took her into his skiff and landed her safely. She, in a transport of joy, and true to that nature which is always grand, rewarded him with a gift more precious to his manly heart than gold."

AGATIZ SOLD.—At a very learned discussion on strata, at the house of the learned Professor, Mr. B——asked if there were any strata of precious gems. "No, none whatever, replied Professor Agassiz." "I've heard of one said Mr. B——." "Impossible!" was the rejoinder. "Oh yes," said B., and it was called "*a stra-a-gem*."

☞ The project of exploring Central Africa is in progress in New York. The territory proposed to be explored lies between the fifth and fifteenth parallels of latitude, commencing at the Atlantic ocean and extending eastward eighteen degrees to the valley of the Niger comprising an area of about 700,000 square miles.

SIGNIFICANT.—A Buchanan Democrat who we believe, has the means of knowing, told us last week that in Delton, a village of some three hundred inhabitants, about three miles from this place, in Sauk county, *there is not a single Buchanan man to be found.*

Kilbourn City Mirror.

GREAT EXCITEMENT.—Charles L. Curtis is matched for $1,000 to walk eighty consecutive hours without any rest whatever, under a tent on Blood's Island, commencing Thursday, Aug 14th, and ending Sunday P M. This is allowed by all who are posted in such matters, to be one of the most exciting matches that has ever taken place since the late John L. Stephens gave Sinnard one thousand dollars to walk seventy-two consecutive hours. A large crowd of people is expected.—*Missouri Dem.*

COMFORTING.—Under the head of "Late Elections" the Beaver Dam *Republican* says:

"The recent elections in IOWA, Missouri Kentucky North Carolina and Arkansas have resulted in large Democratic gains, and seem to indicate in a manner not to be misunderstood, that all these States are sure for Buchanan in November."

The Attacks upon Col. Fremont's Character.

It is an encouraging fact that the adversaries of Fremont virtually admit their inability to defeat him unless they shall be able to blast his reputation as a man. Though no personal war is made on their respective candidates, they realize instinctively that they must change the opinion which the American People have hitherto entertained of Col. Fremont's character and services, or they must get out of his way and let him hang up his hat in the White House. Accordingly, they assail him on every point with unsparing malevolence—not, we trust, that they delight in such a mode of warfare, but because they have no hope in any other—Accordingly, we find in Saturday's proceedings in the Senate the following:

Mr. Bigler, (Dem.) of Pa., submitted a resolution, which lies over, calling on the President for copies of the vouchers on which Mr. Fremont's accounts, as an officer of the Government, from his first expedition to California were settled, so that the nature of the disbursements may appear; also, inquiring whether there is any public money in his hands unaccounted for, or whether there are any papers on file in the Departments from official sources, charging him with malfeasance in office, &c.

Mr Bigler is the new Senator from California, and the confidential friend and partizan of Mr Buchanan. To all intents and purposes, this is a move of Mr. Buchanan to impeach the personal honor of his only real competitor for the Presidency. It has not, of course, been made without consultation and study, and we apprehend that the game is to put in a Report at the close of the Session, too late to be scrutinized and answered by the Republicans in Congress, but not too late to be spread over the country by the Fillmore and Buchanan presses, and speakers prior to the election. And, as the accounts are in the hands of Col Fremont's bitter enemies, it would be strange if they could not cook up a Report that would, unexplained and unanswered, be calculated to prejudice him with the undiscerning.

Go ahead, Gentlemen! You have had all these accounts in your hands for years; and, if there be anything wrong in them, you should long since have exposed and reprobated it. It was only last session that a strongly Democratic Congress, by a vote nearly or quite unanimous in both Houses admitted that the Government honestly owed Col. Fremont a large sum for advances made and debts incurred by him for the public service in California several years ago. That money was accordingly paid over to him. If it was not his just due the Committees that scrutinized the accounts and reported in his favor were most culpable; if there was "any public money in his hands unaccounted for," that money should have been deducted by the Treasury accountants from the amount found due him by Congress. If there were any "charges of malfeasance in office" then pending, they should have been brought to the knowledge of Congress, and duly considered by it in making its award in his behalf.

But nobody can honestly doubt that this is a political game. Nobody believes that Mr. Bigler would have made this motion if Col. Fremont were not now a candidate for the Presidency; nay, he would not have made it if Pierce or Douglas, instead of Buchanan, had been nominated at Cincinnati. We bid him welcome to all the capital he will make out of it, and only regret that he did not make it in season to be fully scrutinized by Col. Fremont's friends in Congress prior to the adjournment. Documents may be sent in, which render other documents essential to their due explanation. Let all the facts come out!—*N. Y. Tribune.*

THE SHADOWS OF CHILDHOOD.—God bless the little children! We like their bright eyes, their happy faces, their winning ways, their rosy dreams! Nothing seems to weigh down their buoyant spirits long; misfortune may fall to their lot, but the shadows it casts upon their life path are fleeting as the clouds that come and go in an April sky. Their future may, per chance, appear dark to others but to their fearless gaze it looms up brilliant and beautiful as the walls of a fairy palace. There is no tear which a mother's gentle hand cannot heal no anguish which the sweet murmuring of her soft, low voice cannot soothe. The warm, generous impulses of their nature have not been fettered and cramped by the cold formalities of the world; they have not yet learned to veil a hollow heart with false smiles, or hide the basest purposes beneath honeyed words—Neither are they constantly on the alert to search out our faults and foibles with Argus eyes; on the contrary, they exercise that blessed charity which "thinketh no evil."

WHEAT CROP.—The present Wheat Crop of Winnebago County, Ill, is estimated at 1,000,000 bushels.

IT is stated that the New Orleans *Picayune* divided $90,000 profits last year, or $18,000 to each of the five partners.

Horticultural Exhibition.

The third monthly exhibition of this society took place at Young's Hall, yesterday evening, and was, in every respect, the most successful one of the season. The display was a great improvement on the last, and the number of visitors in the evening, very large. The collections of vegetables were particularly fine, and prominent among the exhibitors in this line, were Messrs. KROEGER, MCAVOY and COOLIDGE. Boquets were numerous, beautiful and fragrant. Roses were there in all their beauty and perfume. Hybrid perpetuals, superb specimens, were shown by CHAS GIFFORD, and beautifully arranged by Mr. BELL, his gardener, who also exhibited elegant Round Table and Round Hand Boquets. Nor was PARKER behind, and his collection of Tender Roses were much admired. We were also pleased to notice a large and named collection by A. G. HANFORD, of Waukesha. Flat Hand and Flat Mantle Boquets by Messrs. PARKER and DUNLAP, drew their share of attention, and brought good prices at the sale. Mr. DUNLAP had also a great profusion of Green-House plants, which added very materially to the variety and beauty of the exhibition. A collection of Dahlias by CHAS GIFFORD, were much admired for their delicate hue and symmetry of form.

The amateur part of the exhibition was well represented, and Messrs. FERGUSON, MCVICKAR, MESSINGER and others, are deserving of praise for their taste and spirit in contributing thus materially toward the attractions of the display. Mr. MESSINGER exhibited 21 varieties of Cacti, and his seedling Dahlia was one of the chief features of the exhibition.

The ladies, too, contributed quite extensively to the boquet department, and we noticed a tasteful Round Table Boquet by Mrs. LARABEE, Flat Mantle by Mrs J. W. DUNLAP, Round Hand by Mrs YALE, and Flat Hand by Mrs WARD.

Quite an item of attraction in the beauty of the evening's display, was a boquet of wax flowers by Miss L. A. INGRAHAM, and a beautiful bridal wreath of the same by Miss S. J. CALLERY.

KROEGER, the ice man, of the Fifth Ward, exhibited a superb collection of vegetables, and we are inclined to pronounce him a public benefactor, both for his enterprise in endeavoring to keep people cool in hot weather, and for his exertions to regale all lovers of nature's productions with the best of its kind.

The display of fruits, as might be expected just at this time, was very small, it being too late for most kinds of domestic berries, and too early for a display of well matured apples plums and other autumnal fruits. But at the next exhibition, which will be held on Thursday, Sept. 18th, we shall doubtless see a display in this line which would astonish even our eastern friends.

But, taken as a whole, this exhibition reflects credit upon the society, and we were glad to see their endeavors appreciated by so large an attendance of visitors.

The society is now an ornament of which our city may be proud, and it only needs the encouragement of our people to render it still more attractive and efficient. That encouragement was given last evening, and we hope to see it repeated at every exhibition hereafter.

Astonishing Effect of One Bottle in an Aggravated Case of Dyspepsia.

PHILADELPHIA, March 20, 1855.

DEAR SIR: During the last two years I have been afflicted with Dyspepsia, in its most aggravated form, and have used, without receiving any benefit therefrom, every remedy recommended for that disease. In fact, I was in great danger of dying from suffocation, in consequence of the rise of matter in my throat, and all my efforts for relief were in vain. I was at last induced, through the recommendation of several of my friends, to try **Hoofland's German Bitters**, and I can assure you the amount of relief I have received from the use of one bottle, is astonishing, and compels me to say that I would not be without the Bitters for any money, as I am now through their use, enjoying better health than I have known for many years.

Very respectfully yours,
To Dr. C. M. JACKSON. ELIZABETH GAUL,

TELEGRAPH.

Special dispatch to the New York Tribune.
From Washington.

WASHINGTON, Aug. 12

Both branches are pushing business vigorously, and there is no doubt that Congress will adjourn on the 18th. Fifty-one bills were passed in the House to-day. An attempt by Mr Orr to postpone Mr. Walbridge's Pacific Railroad bill was checked by the vote of the Speaker, which leaves the subject still open. The action of the Senate to-day in laying upon the table Mr. Weller's Pacific Railroad bill, postpones the prospects of a similar measure in the House. An unsuccessful effort was made in the Senate to-day to strike from the Navy bill the appropriations for Steven's war vessel for the defense of New York.

I saw a letter from Mr. Sumner to-day which announces his health as improving. He expresses the greatest anxiety to take his seat before the adjournment, and may do so.

Buchanan's attack upon Col Fremont through Mr Bigler in the Senate is condemned by all decent minded men in Washington.

The Pacific Railroad had a sharp struggle in the House, but stood its ground fairly. Mr. Orr led in opposing fiercely, with Parlimentary practice, but gained nothing at the close of the struggle. It will be renewed with fair prospects. Mr. Giddings succeeded, by stern purpose, in getting the consideration of private bills, to which no objections were urged, and forty-six were passed.

Mr Knowlton of Maine declines being a candidate for reelection, but it is believed that his constituents will not conquer their partialities for so faithful a representative.

Congressional.

In the Senate, on the 14th inst., an attempt was made to pass the bill continuing the improvement of the Des Moines rapids, over the President's veto, but failed by a vote of 33 to 17—two-thirds not voting in the affirmative.

Mr. Pearce of Md, introduced a joint resolution, which was passed, accepting a portrait of John Hampden, presented by John McGregor, Secretary of the Board of Trade of England, and directing the same to be properly framed, and placed in the Executive mansion. It was painted either by Van Dyke or Sir Peter Lely.

A protest of the Senate of Iowa, relative to the election of Mr. Harlan, was made the order of to day.

The House concurred, 97 to 80, in the amendment substituting Mr. Pennington's amendment, that no money be drawn till the treason case be dismissed, for a similar amendment which the Senate had stricken out. The House disagreed by five majority, to the Senate amendment, restricting the appropriation of $20,000 for the expense of the future Legislature of Kansas.

The House then concurred by 7 majority, in an amendment similar to the one stricken out by the Senate, preventing expenditures for arresting, prosecuting or detaining persons charged with treason or other political offences, growing out of the Legislature of Kansas or the Topeka Constitution.

The House voted to retain the appropriation of nearly $183,000, for books which the Senate had stricken out, and added a proviso that any member who was unwilling to receive his share, may so inform the Clerk, who shall report the same to the House next session

Indictments For Treason.

A warm discussion occurred in the House of Representatives on the 13th inst., in regard to indictments for treason against free State men in Kansas:

Mr. Campbell of Ohio said he was satisfied that no person now in prison or under arrest in Kansas, for treason, would be prosecuted or punished.

Mr. Letcher said the President had no more right to discharge the indicted parties in Kansas, than if they were detained in Virginia.

Mr Orr said that the Executive could enter the *nolle prosequi*, and did not believe the accused had gone far enough in what they had done to constitute treason

TO BRIDGE BUILDERS!

THE LA CROSSE AND MILWAUKEE RAILROAD Company invite *proposals* with plans and specifications, until Wednesday noon, October 15th next, for building a bridge over the Wisconsin River, on the line of their Road. This Road extends in a northwesterly direction across the State from Milwaukee on Lake Michigan, to La Crosse on the Mississippi River, crossing the Wisconsin River at Kilbourn City in Columbia County. The river at this point runs in a rocky bed, the banks of which are vertical rock bluffs to the height of 80 feet above the water, at which point they are at the grade line of the Road, and about 300 feet apart. The water is about 20 feet deep, having in the middle of the stream a few feet of sand overlaying the rock bottom.—It is proposed to erect two piers about 50 feet from either bank, at which points the water is about 5 feet deep at low water, with a clean rock bottom, giving a span in the middle of 200 feet, and two short spans at the ends, resting upon the natural rock as abutments. It is desirable so to construct the bridge as to give a wagon way below the Railroad track, passing the latter over the higher section of the bridge.

The Company reserve the right to award the contract to any parties on any plan furnished; but in case of their giving the contract to any builder on a plan furnished by any other person, they will pay to the person furnishing such plan, the sum of FIVE HUNDRED DOLLARS in full consideration of the plan and specifications so adopted.

HAVE YOU A HOUSE OR BUILDING OF ANY KIND,
UPON WHICH YOU WANT A
ROOF THAT WILL NOT LEAK OR BURN,
But will be a Perfect
PROTECTION FROM THE ELEMENTS!

WEST'S
Patent Galvanic Cement for Roofing,
STANDS THE TEST.
READ THE INCONTROVERTIBLE FACTS & PROOF.

SCIENTIFIC MEN UNDER THE DIRECTION OF Government, and Architects and Builders in various parts of the country, for years, have been studying and experimenting to discover some composition or article for Roofing, which would resist the changes of our climate, and would unite the qualities of

Imperviousness to Water, Incombustibility, Durability and Cheapness.

No article heretofore in use possesses these qualities. Shingles are not fire proof, and cannot be used upon flat roofs. Slate can only be used upon steep roofs. The contraction, expansion and rusting of metallic roofs are so great in this changeable climate, that they soon become worthless, or the repairs will cost more than a new roof. The various cements and compositions which have been introduced, can be applied only to very flat roofs, and they are all so affected by the action of the weather that they will melt and run in summer, and crack in winter, and in a short time become crumbly and worthless.

The inventor of the GALVANIC CEMENT has labored twenty years to obviate these difficulties, and it is believed by those who have had opportunities to test the matter, that he has entirely succeeded.

As now applied—

1. *It is completely impervious to water.* Water may continually stand upon the roof without affecting it in the least.

2. *It is fire-proof.* It is so incombustible that it will afford ample and perfect protection against fire, sparks, and burning shingles, from another building on fire immediately adjoining.

3. *It is durable.* Specimens may be seen at the office of the subscribers that have been on roofs, or constantly exposed, from one to sixteen years.

4. *It is cheap.* Roofs will be put on for the cost of shingles and about half the cost of tin, and will last much longer.

5. Repairs are easily and cheaply made.

6. It is sufficiently elastic to entirely resist the expansion and contraction by heat and cold, and will remain perfect and solid in the warmest and coldest weather.

7. It is adapted to all kinds of roofs, either flat or steep.

8. It is valuable for repairing old roofs. Old shingle roofs may be covered without removing the shingles.—Old metallic roofs can be made perfectly tight and secure.

9. It is especially adapted to all kinds of coating around battlements, sky lights and chimneys, and for the lining of eave troughs and gutters. Roofs which have given trouble for years, and which have continued to leak in spite of all efforts, can be made perfectly secure by this cement.

10. It has been proved to be the best article ever used for covering car tops and steamboat decks.

11. This cement applied to new tin roofs, preserves them from rusting, by furnishing a coat which is at once impervious to water, and an almost perfect non conductor of heat.

The following are a few of the many testimonials which have been received:

SYRACUSE, October 4, 1851.

We, the undersigned, property owners of this city, have suffered the inconvenience of leaky roofs, and have tried all the various remedies to prevent our roofs from leaking, but from the sudden changes in the weather we have found nothing that we could use as a permanent fixture, until we used West's Galvanic Cement, which has proved effectual in all cases where we have used it. And we can recommend it to the public for all roofing purposes, and believe it to be a permanent fixture against fire and water.

S. V. MATHEWS,
BARNARD SLOCUM,
E. B. WICKS,
STEPHEN BASTABLE.

SYRACUSE, October 4, 1851.

Over five years ago I had my dwelling covered with James West's Galvanic Cement upon canvass over an old shingle roof which leaked badly. It has proved perfectly tight ever since. It shows no sign of wear and decay. I can recommend it to the public for all roofing purposes, and believe it to be a permanent fixture against fire and water. S. R. MATHEWS.

SYRACUSE, January 19, 1856.

To whom it may concern:—I have a number of buildings in this city which originally were roofed or covered with pitch. Finding it beginning to fail, I had the same covered with West's Galvanic Cement, quite recently, which promises to be just the thing needed to secure a good and tight roof. Before trying it I made inquiry of others who had used it, and found it well spoken of. My opinion is that it is the needed desideratum, in tight and fire-proof roofing. Very respectfully, &c.,

CHAS. L. WHEATON.

CHICAGO, January 17, 1856.

To whom it may concern:—We have had the Tremont House covered with West's Galvanic Cement. Previous to its being covered with this cement, it was covered with Galvanized Iron, and we suffered much inconvenience from its leaking. Before using it we made inquiry as to its qualities. Finding it well spoken of, we had it applied to our building—since then to a new building built by us—and have found it to be the thing necessary to secure a tight roof. As to its fire-proof qualities, we think, from the specimens we have seen, it to be a permanent fixture against fire. Very respectfully,

GAGE, BROTHER & DRAKE.

This may certify that I, the Superintendent of the city of Chicago, having become satisfied with the utility of West's Galvanic Cement for roofing, have had the same applied to the Court House in this city, which has heretofore leaked badly, but is now perfectly tight and free from leaking. And further I would state, that after examining a piece of said cement from the roof of a building that was burned, I do not hesitate to say that I deem said roofing proof against fire. Respectfully,

HENRY FULLER, Sup't Pub. Buildings.
Chicago, January 26, 1856.

DETROIT, February 1, 1856.

To whom it may concern:—This is to certify that Mr. Milk has put on several of his Patent Cement Roofs for the Michigan Central R. R. Co., during the past year;—and from careful inspection of the same, I can recommend them to all wishing fire and water proof roofs.

S. S. CASE,
Sup't Cars and Buildings, Mich. C. R. R.

MILWAUKEE, August 8, 1856.

We, the undersigned, property owners of this city, have had West's Galvanic Cement, as applied by the Wisconsin Roofing Co., put onto our buildings, and as it has proved fully and entirely satisfactory to us, we cheerfully tender our testimonial in favor of it.

VALUABLE STONE QUARRY FOR SALE.

THE undersigned are desirous of disposing of their valuable Stone Quarry, containing twenty or twenty five acres of land, situated about one and a half miles from the city of Milwaukee, on the Milwaukee & Watertown Plank Road and the Milwaukee & Mississippi R R.

This Stone Quarry contains an amount of stone sufficient to supply the city of Milwaukee with foundations and stone suitable for cutting, in courses from two and a half inches to twenty four inches, for centuries to come.

It is considered by competent judges to be the best Quarry in the State of Wisconsin.

We have tested some of our stone, and have become satisfied that they will make the best quality of **Water Lime.**

We also have a valuable Water Power adjoining the Stone Quarry, on the Menomonee River, with one of the best stone dams in the State, which we will sell with the Stone Quarry, if desired.

For capitalists, and men wishing to engage in active business, this is a rare chance for speculation.

DURING THE DAY!

THE "BADGER STATE" SALOON TRIUMPHANT!

Roll away, bowl away, roll away all,
Set up the pins, boys, the price is but small;
Off with the coat, now, and roll up the sleeve,
And at it, my jolly lads—heave away, heave.

With the arm's muscles bare, for one hour, fling
Dull care to the air, and at five cents a string;
Roll away, bowl away, hearty and strong,
'Twill develope the man, and his life thus prolong

Who would sit moping all day in his chair,
When pleasure and profit, so rich and so rare,
Can be had, and that, too, at such a cheap rate,
At the Bowling Saloon of the old "Badger State.

Here's rolling and bowling—not just for the few,
But for old and for young, for little and great—
